Part 1 Introduction

1.1 Outline

Welfare is defined as providing immediate and ongoing supportive services, to alleviate as far as practicable, the effects on persons affected by an emergency.

The Emergency Management Act 2005 defines a Support Organisation as ‘a public authority or other person who or which, because of the agency’s functions under any written law or specialised knowledge, expertise and resources, is responsible for providing support functions’. The Emergency Management Act 2005, the associated Regulations and State Emergency Management Committee Policy Statements places the responsibility for the State Welfare Emergency Management Support Plan with the Department for Child Protection.

Emergency planning provides for a community centered approach to emergency management. The extent of welfare support activity will, however, depend on the nature and magnitude of the emergency. This Plan – the Local Emergency Management Support Plan for the Provision of Welfare Support outlines the arrangements that apply in local circumstances.

The Plan is based on the utilisation of resources existing within a community, and to supplement those resources when required at the State level.

Terminology used in this Plan has the meaning prescribed by Section 3 of the Emergency Management Act 2005.

1.2 Aim and Objectives

The Plan prescribes the arrangements for the provision of welfare support services during emergencies.

The objectives of the Plan are to:

- Prescribe the organisation, concepts, responsibilities, mechanisms and procedures for all organisations involved in the delivery of emergency welfare support services;
- Outline the structure for the coordination of emergency welfare support services, including resources, during emergencies; and
- Establish the principles for Planning for the provision of welfare support at the Local levels.

1.3 Scope

This Plan outlines the arrangements adopted to coordinate Local Welfare Support Services in an emergency. It details the local level organisational and response arrangements in support of ‘Local Emergency Management Plan for the Provision of Welfare Support’ (Local Welfare Plan). (See Appendix 2)

The arrangements provide for both government and non-government agencies to operate cooperatively in a coordinated manner, in accordance with the roles and responsibilities outlined herein.
Planning and provision of emergency welfare support services at the local level needs to be consistent with, as far as is practicable, the arrangements detailed in the State Welfare Plan.

Where Local Governments elect to prepare their own arrangements and nominate their own Welfare Coordinators, or Welfare Liaison Officers, the Local Welfare Coordinators referred to in this Plan will revert to a support coordination role.

1.4 Welfare Support Definition
This Plan outlines the arrangements for the provision of welfare support, where required, within an ALL HAZARDS approach structure.

To assist in coordinating the provision of Welfare Support services they have been grouped into six functional areas:

a. **Emergency Accommodation**
   The provision of temporary shelter for persons rendered homeless by an emergency.
   (1) The provision of temporary shelter may take the form of a centre established and maintained to provide emergency welfare services to disaster affected persons. Such a centre is known as a Welfare Centre. Welfare Centres may include: Evacuation Centres, Relief/Recovery Centres (commonly referred to as a 'one stop shop') and Accommodation Centres.
   (2) Centre locations should be identified in relevant Local Welfare Plans together with procedures for their activation and management. Their activation is determined by the respective Welfare Coordinator in consultation with the Local Emergency Coordinator and the Hazard Management Agency (HMA). They are established and managed by designated Centre Managers appointed by the Welfare Coordinator.
   (3) Accommodation facilities, such as government owned or managed residential facilities, may be utilised when available and appropriate.
   (4) A resource list of facilities available for use as Welfare Centres should be maintained by the relevant Welfare Coordinator and included in Appendix 4.

b. **Emergency Catering.**
   The establishment of an emergency catering service for those rendered homeless, evacuees, casualties and welfare workers.
   (1) Depending on the numbers involved and the length of time for which catering is required, this may be met through either of the following:
      a. voluntary groups, such as the Salvation Army or Country Women's Association;
b. fast food outlets;
c. Meals-on-Wheels; or
d. Hospital/Hotel/Motel/Public Catering services.

(2) Responsibility for provision of meals for non-welfare emergency workers is the responsibility of the HMA.

(3) A resource list of catering agencies should be maintained by the relevant Welfare Coordinator and is attached at Appendix 5.

c. **Emergency Clothing and Personal Requisites.**
The provision of essential clothing and personal requisites, such as toiletry packs, to affected persons.

(1) This function includes the provision of basic necessities such as blankets, towels, mattresses, pillows, bedding, disposable nappies, and sanitary needs as required.

(2) Where possible new clothing or financial assistance for the purchase of new clothing should be provided to eligible persons as soon as practicable.

(3) The use of ‘recycled’ clothing is a last resort.

(4) Welfare Coordinators should maintain lists of retail outlets agreeing to participate in these arrangements and ensure that acceptable procedural matters have been established. See Appendix 6.

d. **Personal Services.**
The provision of services including emotional support, information, advice and counselling services to ensure that affected persons receive the necessary personal support to cope with the effects of loss, stress, confusion, trauma and family disruption.

(1) The Department’s officers work with a number of other specialist agencies in providing this service. These include specialised counselling and psychiatric services, childcare facilities and self help groups.

(2) Information and advice services may cover such matters as relief measures, availability of grants and other forms of financial assistance, insurance, legal advice, health and safety, rebuilding, child care and financial counselling.

(3) Welfare Coordinators should maintain and include a list of agencies, and establish procedural arrangements for their participation during emergencies. (See Appendix 7).
e. **Registration and Reunification.**

The implementation of the National Registration and Inquiry System (NRIS) that provides for individuals to be traced, families reunited and inquiries answered.

1. Policy governing the delivery of this function is detailed in WESTPLAN - REGISTRATION AND REUNIFICATION.
2. Welfare Coordinators need to be familiar with WESTPLAN - REGISTRATION AND REUNIFICATION to ensure that arrangements are in place to activate.

f. **Financial Assistance.**

The provision of financial assistance to those affected by emergencies who are eligible and in need.

1. There are a number of financial assistance programs that may be put in place following a major emergency. The policy governing each of these programs may vary and are determined at the time.
2. Financial assistance **may** include:
   
   a. The Natural Disaster Relief and Recovery Arrangements’ (NDRRA)- Personal Hardship and Distress Relief Payments;
   
   b. Federal Government Grants managed through Centrelink’s Disaster Relief Payments and Special Benefits categories;
   
   c. The Department’s Family Crisis Program; and
   
   d. Any other forms of emergency assistance available at the time.

Part 2  Planning

2.1 Authority to Plan

2.2 Plan Responsibilities
The development and maintenance of the Plan is allocated to the Department for Child Protection and will be conducted in consultation with members of the Local Welfare Emergency Committee (LVEC)

2.3 Exercise and Review Period
The Department will ensure that a complete review of the Plan is conducted every two years. The Plan shall be exercised at least annually in accordance with the State Emergency Management Policy (SEMP 4.2). Review Appendices and contact details quarterly and after activation.

2.4 Organisational Roles and Responsibilities
Each of the six welfare functional areas are managed by the Department with the assistance of other organisations that have agreed to responsibilities under that functional area. Agreed Roles and Responsibilities are attached at Appendix 3. Where an organisation is unable to meet its responsibilities, the Department shall on being advised make alternative arrangements.
Part 3  Preparedness

3.1 Subcommittees and Advisory Groups
The Local Welfare Emergency Committee (LWEC) is an advisory, consultative and referral group to oversee and assist in the planning and operation of local level welfare support services. A contact list of the organisations that constitute the LWEC is provided at Appendix 2.

3.2 Responsibility for preparedness
The responsibility for the preparedness for provision of emergency welfare services is based on the following:

a. Welfare Coordinators, appointed by the District Director of the Department at the Local level, managing this responsibility;
b. The Departments Emergency Services Coordinator ensuring the Department’s capacity to respond effectively to emergencies;
c. Welfare Emergency Committees at the Local level assisting Welfare Coordinators with their responsibilities;
d. Organisations that have designated responsibilities for each of the six welfare functional areas ensuring they have the capacity to effectively respond;
e. Other government and non-government agencies are identified to provide further support as required; and
f. Recognition that Local Government may appoint their own Local Welfare Coordinators or Welfare Liaison Officers to coordinate the provision of welfare services.

3.3 Planning and arrangements
The operational concept for the emergency provision of welfare support is based on the following:

a. The designation of a single specialist organisation responsible, on a local basis, for the management of the emergency welfare support functions during emergencies. This agency is the Department for Child Protection.
b. The management of emergency welfare support services shall be based on the daily administrative structure of the Department. Emergency Management Plans for the Provision of Welfare Support will be prepared at State and Local levels.
c. The grouping of emergency welfare services into six functional areas (see 1.4 Welfare Support Definition).
d. The allocation of the responsibility for each functional area to a “functional” manager (ie. Emergency Catering Manager, Emergency Accommodation Manager). Where this allocation has been made on an organisational basis such allocation shall, as far as practicable, apply at all levels. Where this is not possible, the Department shall make alternate arrangements.
e. The provision of emergency welfare services shall be based on a two tier response, ie Local response and resources first, followed by State support.

Welfare Coordinators are appointed as follows:

a. **State Welfare Coordinator**

   (1) The title “State Welfare Coordinator” used throughout this Plan is the Department’s representative appointed by the Director General, Department for Child Protection.

   (2) The responsibilities of the State Welfare Coordinator include the following:

   (a) Co-ordination of all Emergency Welfare services at the State level, Chairing the State Welfare Emergency Committee;

   (b) Co-ordination of all participating agencies within the State Welfare Emergency Coordination Centre; and

   (e) Co-ordination of the welfare response during emergencies.

b. **Emergency Services Coordinator, Department for Child Protection**

   (1) The Emergency Services Coordinator is an appointed officer of the Department, whose function is to ensure the preparedness of the Department to carry out its emergency management functions. The Emergency Services Coordinator is the link between the Local Welfare Coordinators and the State Welfare Coordinator and, where applicable, with the relevant HMA.

   (2) The responsibilities of the Emergency Services Coordinator include the following:

   (a) Act as the Director General’s representative on the following State Emergency Management Groups:

       - Emergency Services Subcommittee (ESS);

(e) Assist the State Welfare Coordinator with their functions;
(f) Manage emergency welfare support functions as required;
(g) Provide support to country staff/offices involved in emergencies; and
(h) Represent the Department on the State Emergency Coordination Group as required.

c. **District Welfare Representatives**

(1) The Department will appoint a representative to sit on District Emergency Management Committees to address emergency welfare support matters. This is usually the District Director.

(2) During activation, coordination of emergency welfare services will be undertaken by the Local Welfare Coordinator. Should further welfare assistance be required this will be coordinated at the State level. The Department’s representatives to each of the identified District Emergency Management Committees are listed in the WESTPLAN-WELFARE.

(3) The responsibilities of the Department’s representatives at District level include the following:

(a) Represent the Department on District Emergency Management Committees;
(b) Ensure the arrangements of this Plan are clearly understood at the District level;
(c) Clarify the Department’s policy on emergency welfare matters where required;
(d) Refer matters of a contentious nature to State level for resolution; and
(e) Represent the Department on Operations Area Management Groups, as required.

d. **Local Welfare Coordinators**

(1) The Local Welfare Coordinator shall be a nominated officer of the Department located in the Local Government area. Where the Department is not located within a Local Government area the Department, in conjunction with the Local Emergency Management Committee, will formally appoint a suitable person as the Local Welfare Coordinator. When the nominated Local Welfare Coordinator is not a Department Officer the nominated person will be clearly identified in the respective local emergency management arrangements.
The responsibilities of the Local Welfare Coordinator include the following:

(a) Establish, chair and manage the activities of the Local Welfare Emergency Committee (LWEC), where determined appropriate by the District Director;

(b) Prepare, promulgate, test and maintain the Local Welfare Plans;

(e) Ensure personnel and organisations are trained and exercised in their welfare responsibilities;

(f) Coordinate the provision of emergency welfare services during response and recovery phases of an emergency; and

(g) Represent the Department on the Incident Management Group when required.

Importantly, the Department recognises and supports a community centered approach and will coordinate the resources to support local emergency management arrangements. Accordingly, where a Local Government appoints its own ‘Local Welfare Liaison Officer’ the Local Welfare Coordinator referred to in this Plan will act as a support to that Officer, and may activate the Local Welfare Support Plan or components thereof as requested by the Local Welfare Liaison Officer.

e. Local Welfare Liaison Officers

(1) LOCAL WELFARE LIAISON OFFICERS – the nominated representative of the Local Government with the responsibility to coordinate the welfare response during emergencies and liaise with the Local Welfare Coordinator of the Department.

f. Local Welfare Emergency Committee

(1) The role of the Local Welfare Emergency Committee is to assist the Department for Child Protection to manage emergency welfare services during major emergencies. Depending on the size and characteristics of the local community, a Local Welfare Emergency Sub Committee may or may not be required. Where a committee is not established the Local Welfare Coordinator shall take on all the functions of the committee.
(2) The responsibilities of the Local Welfare Emergency Committee include the following:

   d) Review post response/recovery and/or exercise reports of emergencies involving welfare services with a view to amending arrangements in this plan; and
   e) Make appropriate recommendations to the Local Welfare Coordinator to improve the local communities preparedness to cope with welfare emergencies.

(3) Meetings of the Local Welfare Emergency Committee shall be determined by the Chairperson ideally with a minimum of two meetings per annum and following an activation.

3.4 Special needs groups
Special needs groups should be considered at the Local level. State level Plans are cognisant of all vulnerable groups, and those agencies responsible for the overall support of these vulnerable groups should make every effort to make emergency Plans to effectively assist those groups. The Department for Child Protection prioritises its response in line with its operational capacity and relies on those agencies responsible to ensure they have suitable Plans and response capabilities in place prior to an emergency to cater for the needs of special needs clients.

3.5 Resources
Each of the six welfare functional areas shall be managed by organisations that have accepted responsibility for that function. Roles and Functions of these agencies are listed at Appendix 3.

Where an organisation is unable to meet its responsibilities the Department, upon being advised, will make alternative arrangements.

Welfare Centres
Welfare Centres are part of the Emergency Accommodation function. They are established as emergency facilities from which shelter, food, clothing, financial assistance, registration, personal support and other welfare services can be provided until alternative arrangements can be made.

Welfare Centres may provide locations for assembly, evacuation, reception, accommodation and relief and recovery (eg. One Stop Shop). Welfare Centres may
be established individually or in any combination. This will be arranged, as required, by the relevant Welfare Coordinator.

Welfare Centre Facilities/Services.
The Department is responsible for ensuring the establishment and management of Welfare Centres to provide the following facilities and services as required by persons affected by an emergency.

1. Administration
2. Emergency Catering
3. Emergency Clothing and Personal Requisites
4. Financial Assistance
5. Personal Services
6. Registration and Inquiry
7. Basic First Aid
8. Emergency Accommodation

These services are provided by the relevant responsible agencies and are reflected in their individual organisational Plans or in the case of Registration and Inquiry, WESTPLAN - REGISTRATION AND INQUIRY.

Welfare Centre Locations.
Local Welfare Centre locations are pre-determined by Local Welfare Coordinators in consultation with Local Government and endorsed by Local Emergency Management Committees. The endorsed Centre locations are listed in Appendix 4. During an event the Department will consult with the relevant HMA and LG, and then decide which centre/s will be opened.

State Welfare Centres have been designated within the metropolitan area. Selection has been made taking into consideration geographical location to ensure flexibility in coverage, ease of identification and known premises. The actual location of these centres is documented and the list maintained by the Department.

Resource Support
The Department has the primary responsibility for coordinating the provision of welfare resources. Requests for additional resource support should be made by the Welfare Coordinator to the relevant Hazard Management Agency or Emergency Coordinator.

Local Welfare Emergency Committee
Local Department for Child Protection offices are to develop a local Welfare sub committee. Possible membership could be representatives from local government, Australian Red Cross, Salvation Army, CWA, Centrelink, St John Ambulance, FESA, SES, DET, Mental Health, representatives from church groups, cultural groups and services clubs.
3.6 Training
Training, both internally and inter-agency, will be advised by the member agencies of LWEC so that staff and volunteers are provided the necessary skills to ensure the provision of services under the Local Welfare Emergency Management Support Plan.

3.7 Community welfare information
In collaboration with LWEC members, community awareness and education strategies for dissemination into communities may be developed, and may include Fact Sheets, brochures and community guides.

3.8 Responsibility for preparing Local Welfare Plans
The responsibility for ensuring the development of Local Welfare Plans lies with the District Director of the Department, for the District in which the Local Government area falls. The District Director is responsible for appointing Local Welfare Coordinators for each Local Emergency Management Committee.
Part 4  Response

Welfare Emergency Coordination Centres

Welfare Emergency Coordination Centres are facilities from which the welfare response to emergencies is coordinated and at which the Welfare Coordinators are located. The provision of such facilities, their staffing and operating procedures are the responsibility of the Department.

Appendix 3 – Roles and Responsibilities

ORGANISATIONAL ROLES AND RESPONSIBILITIES

The provision of emergency welfare services requires the support of a number of statutory, private and voluntary organisations. These responsibilities are allocated on a state-wide basis and have been determined by agreement between the respective organisations and the State Welfare Emergency Committee.

The roles and responsibilities of each co-opted agency are negotiated with that agency at a local level, and then endorsed by the Welfare Emergency Committee and entered into this Plan.

The allocated responsibilities do not restrict one organisation from assisting another, regardless of its primary role.

Should an organisation not be able to manage its primary role, support with that role may be requested from the Local Welfare Coordinator. Ultimately, the Department for Child Protection is responsible for these functions where no Support Agency assistance is available, subject to Response as outlined in paragraph 4.1 of WESTPLAN WELFARE.

### NOTES:

Beds Plus hold 20+ Single foam Mattresses per store plus doubles. They can supply pillows and limited quilts as well. The owner has 11 stores across the metro area plus a warehouse. They estimate at least 200 matresses could be gathered together fairly quickly. The manufacturer can supply 100 x 4” plus 100 x 6” mattresses within 24 hours.

There are other bedding stores within the Cities who hold some mattresses on hand.

Spotlight Stores are a possible source of doona’s and quilts.

The supermarkets would be able to meet most toiletry requirements from stock on hand.
