

Benefits of owning heritage listed

The City of Gosnells celebrated its centenary as a municipality in 2007 and recognises the significant value of its history and heritage.

The City offers considerable benefits for owners of heritage listed properties so as to ensure examples of local community heritage remains for future generations to enjoy.

If you wish to nominate a place for inclusion on the Heritage Inventory please contact the City's Heritage Coordinator on 9391 6011.

Condition Rewards Scheme

Owners of rateable properties listed in the City of Gosnells Heritage Inventory (2016 edition) are able to apply for an annual financial reward based on the condition of their heritage property. The scheme offers owners an incentive to conduct regular maintenance, which will also help to secure their investment in the property and limit the likelihood of major expense for future repairs.

Properties are assessed by a professional heritage consultant as part of the Heritage Inventory review process. Owners are subsequently encouraged to complete and return the simple application form in order to receive their reward.

Variation to Town Planning Scheme Provisions

Town Planning Scheme No.6 specifically allows for variations to any site or development where it is desirable to facilitate the conservation of a heritage place, or to enhance or preserve heritage values in a heritage area. This allows owners of heritage-listed places some flexibility when making a development application.

For more information, or to discuss potential development variations contact the City's Planning Implementation department.
