---

## GOVENDER, Pamela

Over the years, I have dedicated my life in giving back to the place I call home. I am the founder of a NFP Restore a Smile Foundation, setup to help people within our community, move from crisis situations to stability. With my husband and two teenage sons we have committed our lives to positively impacting our community. With 25 years of corporate experience, coupled with my MBA, I bring a wealth of knowledge that would enable me to make a significant contribution. I was awarded the City of Gosnells Citizen of the Year Award 2020. I am a board member for Canning Vale Community Bank. Dedicating my time and giving back was a great way in getting to know my community and would now like the opportunity to represent our community on key issues that affect the wellbeing of the local area.
