BAAYENS, Caren

I grew up in Beckenham, met my husband in Maddington, and bought our first family home in Beckenham with our 3 young boys. We love attending family friendly events and exploring parks within the City of Gosnells.

I am a Pharmacist and worked at Beckenham Pharmacy and now provide expert medicine advice to hospitals across Australia. My goals are to make our suburbs safe, continue to make the City a great place for families and to ensure our City stays financially sustainable.

I am extremely organised, professional and motivated to make fair and financially responsible decisions as a representative for all residents. Please give me a call or come and have a chat about your vision for the future of our community when you see me at the school or local park.
