AHMED, Negina Mansoor

Having lived in the City of Gosnells for over 15 years together with my parents and four siblings and now my husband, I understand the importance of family and owning a small business.

Working as a pharmacist has definitely allowed me to follow my passion and help the community and advise them on their health.

I want to continue doing the same for the community as a councillor by contributing in the development and wellbeing of our people and the city. I wish to communicate the voices, concerns and opinions of our local residents to improve the place we live in for many years.

There is a lot of improvement that our city needs.

Help me contribute towards a positive change for our city.
