Candidate Name	KRISHNA LAWANIA
Ballot Paper Name	LAWANIA, Krishna
Nominating for	Councillor
Election Type	Ordinary

LAWANIA, Krishna

I am a Structural Engineer with a PhD in Sustainable Development from Curtin University. The absence of a ward system in City of Gosnells has meant that many suburbs remain unrepresented and have to live with broken footpaths, poorly maintained verges, lack of verge trees, and poor cleaning & maintenance of parks and amenities. We must change this. I will be a strong voice for restoring the ward system and developing all suburbs without any preferential treatment. As a Councillor, I will also strongly lobby for new infrastructure for seniors and families. In addition, I am committed to make City of Gosnells a culturally vibrant and safe community for families and businesses and accountable to the ratepayers.

I humbly seek your vote to contribute to the betterment of our local community.
