

## Condition Rewards Scheme for heritage places

The City's Condition Rewards Scheme offers a range of payments to owners of places listed on the City of Gosnells Heritage Inventory 2016 based on the condition score of the heritage property (conditions apply). The condition score reflects the cumulative effects of management and environmental events.

Part of Bickley Recreation Camp

The assessment and scoring of each place's condition was originally undertaken as part of the review of the Heritage Inventory 2016, and will recur every four years. This means the exterior of each property will be professionally assessed by an unbiased expert on a regular basis.

In the intervening years owners are required to sign and return an official declaration (see over) in order to receive their reward payment; it is not automatically applied to all heritage properties.

*The City of Gosnells is rewarding owners who maintain their heritage listed properties in acceptable condition.*

Heritage properties need to be maintained at (or above) the level listed in the Heritage Inventory 2016 in order to be eligible for the reward payment. If the property is badly maintained and its condition score drops, the level of payment decreases accordingly.

The rewards offered, based on the property's condition, are as follows:

- Condition Score of "Good" \$ 400
- Condition Score of "Fair" \$ 200

Significant trees listed in the Heritage Inventory will also be condition assessed and owners rewarded as below:

- Condition Score of "Good" \$ 60
- Condition Score of "Fair" \$ 30
