

1. What is your involvement in the community?

I am part of Southern River Scout Group. We support young people aged 6 to 18 years to develop in all facets of life so they can grow into constructive citizens in their communities. We are run 100% by volunteers, and am incredibly lucky to volunteer with a dedicated and enthusiastic team of Leaders and Committee that deliver fun and engaging programs to build confidence and life skills.

2. How long have you been a part of the community, and what brought you here?

I grew up in the City of Gosnells with my family. My husband and I moved away for a few years after getting married but this area was where we most felt at home and wanted to raise our family and moved back here. The primary schools are great, it's close to shops, has lots of parks, great community groups, diverse culture and isn't too far from the city.

3. What makes you most proud of the City of Gosnells community?

The strong sense of community. The City of Gosnells has provided great community events and youth programs over the recent years which our family has attended. These have been great family events, especially with the most recent ones during isolation and COVID-19. There are a lot of activities within City of Gosnells that cater to all ages and encourage us all to get out and about in the local community.

4. What is your vision for the future of your organisation?

I envision a City where everyone has a positive impact in their local community. Together we can divide the work and multiply the success. Small acts of kindness by many can have a significant impact on our community. If you can get involved somehow, it helps build a sense of connection and pride for where we live, not only for others but also yourself. The more people feel connected to the City, the the more they feel invested in its successes.
